Service Plan for Osceola Public Schools: 2026 - 2027

Staff Development Services (84-002.05A)

The Osceola Annual District Consultation focused on improving reading and implementing a systematic K-12 MTSS system. The team discussed the need for more data to support tier one instruction and the effectiveness of current strategies. They also planned professional development days for September 2 and October 3 to address reading comprehension and engagement. Additionally, they addressed chronic absenteeism, considering integrating attendance into PBIS and using early warning systems.

Reading Comprehension: IPG with Elementary. Across all areas, iXL currently. Consider IPG walkthroughs at the secondary level as well.

Grading Practices

Curriculum Mapping:
